

THE NEW

RAYMOND RECORDER

No. 16 Vol. 3. Thursday, August 21, 1952

Dr. U. R. Bryner, Former Raymondite Given High Post

Preparing doctors to help families solve their emotional and living problems, as well as those of a purely medical nature, is one of the objectives of the American Academy of General Practice, which has just completed its annual convention in Atlantic City, N. J.

This was explained Friday by Dr. U. R. Bryner, Salt Lake physician and surgeon, upon his return from the convention, where he was honored by being named president-elect. The organization comprises more than 15,000 family doctors throughout the nation.

Varied Speakers

The recent convention featured talks not only by some of the outstanding men in American medicine, but also some experts on family counseling, alcoholism, problems of the teen-ager and other subjects in the field of human relations. This is in furtherance of the academy's belief that the family doctor must be a counselor and friend, as well as a physician, Dr. Bryner said.

The academy was organized to promote high standards of practice in medicine and surgery, to encourage young men and women to establish themselves in general practice, to help preserve the right of the general practitioner to carry out the type of service he is capable of performing, and to assist in providing postgraduate courses for practicing doctors.

High Standard

The academy is the only medical organization that requires continuous postgraduate study by its members as a requisite of membership. Dr. Bryner is a native of Nevada, but at an early age moved with his parents to Raymond, Alberta, Canada. He went to grade school here, and attended Calgary Normal School, after which he taught in the Raymond High School for three years. At that time he was president of the Alberta Basketball Association, which sent a winning woman's basketball team to the Olympic games at Paris, France, in 1924.

(continued on page two)

A family reunion for the Chas. T. Atwood family was held recently at Henderson Park with 40 present.

Officers elected for the coming year were: Pres. Luella Hague, Vice Pres. Anne Larson, Sec. Treas. Helen Atwood.

Program, games and lunch enjoyed by all.

Mrs. Howard Melchin, Ronny and Kathleen left last week for a vacation trip to Orem, Utah where they will visit Mr. and Mrs. Finny Terry.

The same day Howard, Roi Stone, Mrs. Rose Melchin and Berry, Sheryl and Diane left for the East where they will visit a short while.

Mr. and Mrs. Ted Meeks motored to Edmonton on Wednesday to attend the races.

Mr. and Mrs. Clayton O'Brien and son Kevin of Calgary were guests in town this week at the homes of Mrs. Martha Taylor and Mr. and Mrs. Ike Orgill. They also visited other relatives and friends.

Mrs. Anne Larsen and Carole were Calgary visitors recently.

Mrs. T. W. Meldrum spent last week in Brooks where she visited her daughter and family, Mr. and Mrs. Harold (Delene) Eveson.

Mrs. Meldrum's sister, Mrs. Renae Christensen and children returned to Raymond with her where she is also visiting the Fred Ralphs and Jack Kenneys.

It's A Hot, Dry Summer

We received the following article from Derald Miller the other day and thought it would be of interest to you.

Corvallis, Oregon.

August 10, 1952

Local farmers will be interested to know that here at Corvallis grain harvesting is completed. Although acreage is small crops average about 55 bushel per acre.

Here in the Willamette Valley there is only a sprinkler type irrigation, water being pumped from small streams and the Willamette River.

Wheat seems to be the major grain crop but the raising of grass seed is also a vital crop. Of course, logging is the most important industry and the sight of huge trucks loaded with the mighty Douglas Fir heading for the mills is not an uncommon sight on every highway and in every town.

It is a rare occasion when it rains here during June, July, August and September. It never freezes and crops are planted as soon as it is dry enough in the spring.

Lawns are never watered because water is expensive. People just wait until winter when heavy rains make lawns and evergreens lovely indeed.

Fruit growing is not to be described. Apples, apricots, peaches, cherries and strawberries are important. Irene and I picked 75 pounds of strawberries at a cost of \$7.50. Apricots and apples were free for the picking.

United Church News

Special Labor Day Services will be held August 31st at 12 noon and all are welcome. Don Petrak and J. D. Hall plan to spend considerable time decorating the church appropriately.

Commencing September 7th, Services will be held at 2 p.m. instead of 12:00 noon.

Sunday School will not commence until schools have been officially opened again.

The W. A. will hold their first meeting after the summer holidays at the home of President Mrs. Hilda Wilde on Thursday, September 11th. All members are urged to attend as there is important business to be discussed.

Please remember to bring your Talent money.

Mr. and Mrs. Gordon Bosworth have as their guests, Mrs. Bosworth's mother Mrs. Houston of Olds.

Mr. and Mrs. John Hellawell and children Edith, Judy and Stanley spent the weekend visiting at the home of Mr. and Mrs. Ray Atwood.

Two new comers to the congregation are Brian Walter and Shirley Lee, the infant children of Mr. and Mrs. Bosworth and Mr. and Mrs. Phillips respectively.

Mr. and Mrs. Joseph Nilsson have received an invitation to attend the Golden Wedding Anniversary celebration of Mr. and Mrs. Wm. Gould of Lebanon, Oregon. This makes the second such occasion in their family within the past two years for it was only two years ago next month that the Nilssons passed into the second half of a century of married life. Mrs. Nilsson says that if things continue in the present pattern it won't be long before other members of the family reach that goal.

M Men and Gleaners Choose New Executive

The M Men and Gleaners of the Taylor Stake were kept well occupied over the weekend when entertainment was planned for them for Friday and Saturday night.

The first evening was to have been an outdoor wiener roast but the weather didn't co-operate, so it was held in the Recreation Hall around a fireplace. The wieners and buns etc. tasted just as good anyway. A short program and games were also part of the evening's fun. Credit for this goes to the Magrath Wards who were in charge.

New officers for the coming year were elected with the results being Jesse Belmont and David Wilde chosen to head the Jr. Gleaners and Jr. M Men. Elizabeth Spencer is Chairman of the Sr. Gleaners-M Men Committee with Rex Anderson and June Woodhead as Counsellors and Reed Walker, Secretary.

Saturday evening they all donned their best and congregated at the Opera House for a very successful dance.

The weekend concluded on a sacred note with the holding of a Testimony Meeting after Conference Sunday evening. This meeting, which was conducted by Philip Redd, was so successful. It has been decided to make this an annual event.

The Stake Board are to be commended for the time and effort put in to making the weekend such an enjoyable one for the young people of the Stake.

CARD OF THANKS

We wish to thank the II Ward Relief Society and Ladies Auxiliary for the lovely dinner served; and all those who extended their sympathy in our hour of bereavement.

George Terry and family.

Arthur Smith travelled out East recently where he met his brother David who has just returned from a mission in England for the L. D. S. Church. Mr. and Mrs. Alma Smith joined them for a trip to Palmyra where they witnessed the Pageant.

David is expected home shortly after a visit in Salt Lake.

Mr. and Mrs. J. O. Hicken have had as their guests the past ten days Mrs. Hicken's sisters, Mrs. Katherine Ernschaw of Salt Lake and Mrs. Norma Minshull of Saskatoon. They left for their respective homes late this week.

Pioneer Laid To Rest In Cranbrook

Funeral Services were held in Cranbrook on Monday for the late Neph Anderson, with Branch President Karl Luscher officiating. Many of his friends and relatives were present to pay their last respects to a pioneer of the Raymond district. Included among those taking part at the services were C. E. Allred who offered the opening prayer, Jim Meeks and Pres. J. H. Walker who were speakers and Pres. Weber was joined by his wife for a vocal duet for which Mrs. Emma Dahl played the accompaniment.

Relatives from here who attended funeral services for the late Neph Atwood of Cranbrook were: Mr. and Mrs. J. D. Atwood, Mr. and Mrs. A. C. Atwood, Mrs. Agnes Atwood, Mrs. Anne Larsen, Mr. and Mrs. Jim Still, Mr. and Mrs. Art Atwood and daughter Arta.

Others were: Mr. and Mrs. J. H. Walker, Mrs. L. D. King, Mrs. Emma Dahl, Mr. James Meeks, Mr. Clarence Allred, Mr. and Mrs. Bert Still Jr.

Dr. and Mrs. Orson Bingham have as their guest this week a niece, Miss Betty Gae Smith of Carmangay.

The Question of Roads

The condition of the road between here and the Welling Junction in general and a couple of spots in particular have caused caustic comment in many quarters recently and we set out to determine the reason. Here it is:

The "spots in particular" are the approaches to both the new concrete bridge and the railway track and the explanation we got is as follows:

The whole road is supposedly due for hard-surfacing next year and when hard-top is put on it raises the level of the road almost a foot. This means that if the new road's grade were carried up to and across the "spots" now it would only necessitate additional work and expense next year when the paving is put on. Road building regulations call for an allowance of fifty feet on both sides of bridges etc. to be left in what most motorists are inclined to call horrible condition.

The maintenance crews of the D. P. W. is responsible for keeping these crossings in at least passable condition but until such time as they arrive on the scene we would suggest that drivers remember the location of the track and bridge and proceed with the greatest of caution.

Mr. and Mrs. George Fromm of Salt Lake are visiting the Deb O'ers, Mose Fromm's and Paul Schneiders this week as well as their many friends.

They are guests at the home of Mr. and Mrs. Paul Schneider.

Teaching Staff Complete

The students of the good old R. H. S. did pretty well for themselves and their teachers during the past school year. There were thirty-two students writing their Grade 12 examinations with about 17% of them gaining an 'A' standing, 21% got an 'A', 43.4% got 'B', 12.2% got 'C' and 5.6% got 'D'. Out of the 55 who wrote the Grade 9 examinations the percentages were: 'H' 12%, 'A' 26.6%, 'B' 36.9%, 'C' 21.5% and 'D' 3.9%.

The teachers this year at the High School will be: L. H. Jacobs principal, M. T. King, Vice-Principal, L. L. Harker, D. E. Miller, H. Dean Rolison, Mrs. Laqua, Mrs. Redd, Mrs. Grant Heggie, and Miss Sawchuk of Edmonton. There is a possibility that another teacher may be added to the staff.

The Junior High and Public School staff is as follows:

Grade One — Mrs. Wing, Mrs. Hudson and Mrs. Minlon.

Grade Two — Mrs. Bullock, Colleen Christensen and Bernice Dahl.

Grade Three — Pat Mitchell, Nola Atwood and Mildred Wilde.

Grade Four — Kay Stone, Carma Paxman and Jerry Gibb who is Asst. Principal.

Grade Five — Josephine Litchfield and Mrs. Woolley.

Grade Six — D. E. Broadhead and Mrs. Harker.

Grades Seven and Eight — Bill Nalder, Mrs. King, Mrs. Pack, Athol Cooper, Asst. Principal, and J. O. Hicken, Principal.

Mr. and Mrs. Glen Meeks and Mrs. Meeks' mother and aunt were Waterton visitors over the weekend.

Mrs. Fanny Litchfield, Mr. and Mrs. John Smith and son Terry were visitors in Barwell last Sunday where they attended the welcome home service for Elder Robert Mercer who has just returned from the French Mission of the L. D. S. Church.

The family of Mrs. Anna M. Woolley extended a cordial invitation to her many friends to attend "Open House" at her home on Friday, the 29th of August, on the occasion of her 80th birthday, between the hours of 3 p.m. to 8 p.m.

POLIO NEWS Good and Bad

Eighteen month old Danny Robinson, the son of Mr. and Mrs. Les Robinson is Raymond's second polio victim this year. Danny came down with the disease on Saturday and by now his fever has subsided so he is more comfortable in that respect, though he is receiving chiropractic treatment at his home in an effort to relieve the paralysis in his legs.

Les's mother, Mrs. Bill Robinson of Lethbridge is assisting in the care of the house and their daughter Jackie.

Monday was a day of rejoicing in the Evan Jensen home, as that was the day they were able to drive up to Calgary and bring back their 3½ year old son Wayne who has been a patient in the children's Red Cross Hospital the past two years. He is having a fine time getting acquainted with his two new sisters — playing and teasing like all brothers and sisters.

Although he still has to wear a brace above his hip on one leg and use crutches, he manages to get around pretty well. However, when the brace is only needed to below his knee, which will be very shortly, he will be able to enjoy a lot more freedom in moving about.

Welcome home Wayne!

Bruce Larson, who came down with polio recently, is feeling very much better again this week, and is able to move one leg without any difficulty now and the other one sideways back and forth. He is still being cared for at the S. B. Smith home.

Mr. and Mrs. Lyman Jacobs and family returned Thursday after an enjoyable trip to Ogden where they attended a Jacobs Family Reunion. A visit at Yellow Stone Park was also a highlight of their vacation.

Welling Home Setting For W.I. Party

The Raymond A. W. I. members met at the home of Mrs. F. Wilde for their summer party, with nineteen members and one visitor present.

After singing "Home on the Range", the Creed was led by Mrs. R. Allred, followed by the reading of the minutes. The Secretary, Mrs. Ellen Winkler, then read the financial statement for the first six months of 1952.

Roll call was answered by suggesting a game that could be played at a party.

The meeting was then turned into a party with some amusing games being played; such as "Who Are You", "The Wedding of the Flowers" and a song game, etc. Mrs. Gardner was the winner of the "Flower" game and Mrs. Hall won the booby prize. The last half of the members on the roll were hostesses and a very delicious lunch was served.

Two birthday presents were auctioned off.

Those who took the ladies in their cars were, Mrs. F. Hall, Mrs. Donaldson, Mrs. Meldrum, Mrs. Paxman.

Those attending were mesdames P. Meldrum (pres.), J. Holland (vice-pres.), Winkler (sec.), Donaldson, M. Allred, F. Hall, Gardner, L. Adams, D. Paxman, C. Rolison, A. Selman, Christensen, A. Court, F. Wilde, I. Kitchen, Zobel, Woolly, E. Tollestrup, and Miss Meldrum.

Funeral Services Held For Mrs. Violet S. Terry

Last respects were paid one of Raymond's early pioneers recently when Funeral Services were held in the II Ward Chapel for the late Mrs. Violet Shields Terry, who passed away on the 4th of August in Lethbridge, at the age of 75, after a lengthy illness.

Mrs. Terry was born in South Jordan, Utah on June 22, 1872, and was a member of a family of 12. She married George Terry on August 18, 1902 at Sandy, Utah at which time they moved to Canada; stopping at Stirling for a couple of months before settling in Raymond in the fall, pioneering in a new land, as her mother, who pulled a hand cart across the plains to Salt Lake, did before her. They farmed near here for 43 years before retiring to Lethbridge in 1945 to take a well deserved rest. Mrs. Terry devoted her time to being a good neighbor, wife and mother; raising seven children, Mrs. Joe (Mary) Thompson, Mrs. Clarence (Irene) Bowden and Jim Terry of Raymond; Austin Terry, Mrs. Bob (Thera) Parks, Mrs. Clifford (Agnes) Price of Lethbridge and Mrs. Dick (Vera) Wayling of Creston, B. C. She is also survived by her husband and 29 grandchildren and 5 great grandchildren as well as three brothers, Jim Shields of Salt Lake, Will Shields of White Rock, B. C., Wilford Shields of Waterton and a sister Mrs. Janet Wardle of Burley, Idaho.

Mrs. Terry is the first of their family to pass away.

Jack Stevens of the Lethbridge I Ward Bishopric was in charge of the Service and Patriarch McMullin offered the opening prayer. The II Ward Choir under the direction of Gen Hawkins with Dora Oler at the Organ sang "O My Father" as its first number, followed by Marie Makin's rendition of "That Wonderful Mother of Mine". D. A. Bennett was the first speaker and in his talk gave a history of Mrs. Terry's life. Beth Walker led the Glee-ette Club in the song "Beyond The Sunset" with Betty Evans taking the solo reading part. After which Frank Steele spoke; speaking highly of the family and offering words of comfort and encouragement to them. A solo "The End of a Perfect Day" sung by a grandson Dick Waylen, preceded Mr. Stevens closing remarks which was followed by the choir singing "Shall We Meet Beyond The River". President L. L. Palmer pronounced the benediction.

Bishop Golden Snow dedicated the grave and pallbearers were the eldest grandson in each family; Delbert Thompson, Harlan Terry, Richard Wayling, Norman Price, Bill Bowden and Bob Parks.

All of Mrs. Terry's granddaughters, one great granddaughter and nieces were flower girls; arranging the numerous floral tributes received.

Interment was in Temple Hill Cemetery.

The II Ward Relief Society and the Ladies Auxiliary served a lunch to about seventy relatives at the Legion Hall after the funeral.

Mrs. Rojanea Bingham and Mrs. Virginia Rolison returned Tuesday from Ogden Utah where they attended a Family Reunion honoring their grandmother on her 80th birthday.

They enjoyed a visit at other points in Utah before returning home with Mr. and Mrs. Leavitt of Cardston.

Mr. and Mrs. Jack Kenney, Gerald, I. Dee and Duane Fraser had an enjoyable visit in Waterton last week end.

Eight members of the Legion Ladies Auxiliary met Monday afternoon to work on a quilt which is to be raffled Saturday with her parents. Mr. and Mrs. Tom Allen, where they took the train to Vancouver.

DR. BRYNER

(Continued from page one)

In 1926 Dr. Bryner came to Salt Lake City and entered the University of Utah, where he received an A. B. degree and did his premedical work.

Interned in S. L.

He was graduated from the University of Pennsylvania Medical School in 1932, and interned at Latter-day Saints Hospital, Salt Lake City. He has practiced medicine in Salt Lake City since 1933.

Dr. Bryner has held offices in the American Academy of General Practice since it was founded on June 10, 1947. He has been treasurer, chairman of the finance committee, a member of the executive committee which supervises publication of the academy's monthly magazine, "GP". Two years ago he went to England as member of a committee appointed by the American Medical Association to study socialized medicine in that country.

Group's 'Reach'

Dr. Bryner said the academy now has chapters in every state, the District of Columbia and Hawaii, and it is considered likely that chapters will be established in Canada. The executive secretary of the academy has been invited to help organize a Royal College of General Practice in England.

When the five-state Rocky Mountain Medical conference is held in Salt Lake City in September, 1953, Dr. Bryner will be general chairman. At that time his brother-in-law, Dr. Kenneth B. Castleton, will be president of the Utah State Medical Association, which will hold joint meetings with the conference.

Nearly everyone knows that Canada leads the world in the production of nickel. Not so well known, says The Financial Post, is our record with other metals. In aluminum, for instance we were the free world's second largest producer last year, turning out approximately as much as all other countries, the U. S. excluded. Canada was the free world's third largest producer of silver, producing 24.2 million ounces in 1951, against Mexico's 43.8 million ounces.

Canada was exceeded by the Belgian Congo, French Morocco and Northern Rhodesia as a producer of cobalt metal in 1951, but was narrowly ahead of the U. S.

Canada appears to be the world's third largest producer of magnesium last year, following the U. S. and U. K.

Marie Thompson of Calgary is enjoying a short visit home with her parents Mr. and Mrs. Joe Thompson.

STRAWMASTER

STRAW CHOPPER AND SPREADER

NOW IN ITS 5th YEAR

FITS MOST COMBINES

SAVES MONEY

SAVES TIME

HERE'S WHAT'S NEW FOR '52

Strawmaster, the combine attachment which chops and spreads the toughest, heaviest straw, returning you to plow right behind the combine, introduces these features for 1952: light weight; larger shaft; precision bearings; 40% stronger dual purpose cutting blades; more efficient dual purpose cutting blades; greater capacity; more efficient spreading; wrapping of flax or any other straw eliminated completely; safety switch. Five year of continual improvement make Strawmaster (the original straw chopping machine) a money-paying investment for all grain farmers.

PAYS FOR ITSELF IN ONE YEAR

Low in cost, high in value—Strawmaster has paid for itself on hundreds of big grain farms in only one year's operation. It will do the same for you! See the 1952 Strawmaster at your dealer's now—it's fully guaranteed.

KNOW ABOUT POLIO!

Mountain Standards of Sanitation

- Wash Dishes thoroughly.
- Wash Fruits and Vegetables.
- Cover Garbage and Waste material.
- Control Sewage—Outdoor Toilets should be dusted daily with Chloride of Lime or Ashes.

- Polio is a communicable disease—avoid crowds, restrict children to small neighborhood groups.
- A tired child is more susceptible to the disease and if the disease develops, a greater degree of paralysis is likely to follow.
- Swimming is dangerous because it causes fatigue and is chilling.
- Watch your personal hygiene—be sure to wash your hands before eating and after using the toilet.
- Where the disease is prevalent, avoid the removal of tonsils, adenoids and teeth.
- Mild cases are best cared for at home—a trip to hospital causes fatigue and may be dangerous.

Over 80 per cent of Cases Recover Completely

In mild cases, best results are obtained in bed at home

ALBERTA'S FOREST RATE AS INDUSTRIAL PIVOT

Major-General Howard Kennedy, Chairman of the Eastern Rockies Forest Conservation Board, in a public message warns that current economic developments in Alberta may obscure the real value of less spectacular resources. General Kennedy throws a spotlight on Alberta's fifty million acres of high quality forest lands "which if properly used are sufficient to support in perpetuity a sawn lumber industry capable of supplying the ordinary needs of the Province, poles and ties for public services, timber for mines, and pulpwood for a considerable pulp and paper industry in the future."

"There is an increasing shortage of timber to meet the world's needs. With suitable treatment, Alberta's forests can not only be maintained, but improved to meet this growing world demand for wood products over the coming decades. It is therefore the duty of every citizen to support the Minister of Lands and Forests in his efforts to protect the forests from fires and other disasters, and to administer them wisely so that future generations may also use and enjoy them."

Phone 349 P. O. Box 324

An old-timer is one who remembers when a dish-washing machine had to be married, not bought.

Your combine is no better than the man operating it, says Mr. C. A. Cheshire, Agricultural Engineer for the Alberta Department of Agriculture. It has been overhauled and is in tip-top shape, but it must be adjusted into operation. The combine consists of four operating units, the cutting and conveying section (conveying only, where a swather is used), the threshing unit, the separating portion and the cleaning unit. Each of these parts must be adjusted properly or reduced quality and quantity of grain will result.

Your combine operator should be able to read. If he cannot read, then read it to him. The best guide to combine operation is the operation manual supplied with your machine. Read it carefully and follow directions.

Adjust your combine methodically. Start with power unit. Take the r.p.m. of either the tractor or mounted engine, depending on whether it is a power take-off unit or not, and adjust for an idle speed of the cylinder, beaters, straw rack, and fan with a speed indicator (a tachometer is not accurate enough) and adjust to the proper speed, as shown in the instruction manual, for that crop and condition.

After getting the correct speed of these parts of the machine keep them right by preventing overloading. Take a minimum of straw through the machine — in most cases this is a swather adjustment — and next cut down ground speed, especially where the crop swath is heavy or weedy.

Next check the cylinder. See that the clearance between cylinder and concaves is the same at both ends and that none of the bars are bent or excessively worn. Thresh the grain without breaking the straw excessively and this means wide cylinder concave spacing and low cylinder speeds. Don't try to thresh out every kernel. Overthreshing is one of our most common combine faults.

Finally, check the separating and cleaning action of the machine. If the straw walkers are not doing their job properly it means the combine is either overloaded or the crop is being overthreshed, and ground speed adjustment or cylinder adjustment should be made. The wind should be directed well forward on the shoe, strong enough to "float" the chaff over the sieve, but not strong enough to blast the grain out the back. Next the sieves should be opened to a point where chaff starts to come through with the grain, and then closed one notch.

There is just one more point to remember. You have to make some of these changes in your combine settings for every crop, for every field, and for every change of weather. Wheat settings are not good enough for barley. Speed and adjustments that are correct for the hottest part of the day will almost certainly be incorrect in the evening and morning. So you have to learn to make the necessary changes quickly and accurately, or take the loss which results from poor adjustment.

ACCOUNTANT
DEGREE**

We are seeking intelligent young men who have completed Grade Twelve, and who want now to learn while they earn. We have offices in the major Alberta cities, with a rapidly growing list of clients. Your period of apprenticeship and study can lead to a C. A. degree, with Partnership and Profit-Sharing plans available. If you desire an interview, write, stating age, High School standing, and date available. Address replies to Box N, care of this paper.

After 4,000 years or more of trying, man hasn't designed comfortable and functional business clothing, replies to a Financial Post question seem to indicate. As to what reforms these Canadians would suggest, some would pull out the stops: kilts on the golf course, shorts at the office, removal of shoulder pads and other build-ups or slumping devices for frank, yet honest, simple, cheaper, and more freedom giving attire.

Clothing experts strike a serious note. On the way, it's indicated, are slimmer, trimmer, lighter-weight designs.

The ladies extend sympathy, give the nod to men to take it off, leave it off, or loosen it up.

Advocated for the shirt department: loose necks, short sleeves, to be worn outside the belt. If four-in-hands go, many of the respondents won't be at the wake.

TIME TO PLANT PEONIES

Peonies are among the most popular and satisfying of garden perennials. Blooms are showy and range in color from white and cream to various shades of pink, red and deep red. Many varieties are pleasantly perfumed. The foliage is also decorative throughout growing season. Peonies are absolutely hardy, says Mr. P. D. McCalla, Extension Horticulturist with the Alberta Department of Agriculture.

Choose a location that is not too shaded; one giving at least a half day of full sun is needed for best results. They do best in a medium loam which has been well dug. Fertilizers in the form of bone meal and well-rotted manure are recommended, and should be well mixed with soil. Peony roots should be planted so that the buds are not covered with more than two inches of soil. Spring planting is most satisfactory if done while buds are still dormant. However, best results may be expected from late August through September planting.

Aid in choosing varieties may be obtained from the Alberta Horticultural Guide. Write for a copy. And remember, in getting plants, whether from neighbor or nurseryman, be sure they are free of disease.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

Raymond Branch: **JAMES GRANT, Manager**

Magrath Branch: **DAN RUSLER, Manager**

Mrs. Lottie Graham entertained at an informal get-together Wednesday afternoon in honor of Mesdames Katherine Ershaw and Norma Minshull who have been enjoying a visit "home".

Visiting, handwork and lunch were enjoyed by Mesdames Phoebe Dahl, Phoebe Evans, Emma Dahl, Ruth Salmon, Ullala Nalder, Elsie Mitchell, Dot Witbeck, Jane Brewerton, Mc'ba Holmes, Lavern Anderson and Inez Hicken, Mame Dudley and Isabel Bennett of Magrath and Alice Humphreys and Eva Salmon of Picture Butte.

Mr. and Mrs. Gerry Melchin had as their guests a few days this week, Mrs. Melchin's sister and family, Mr. and Mrs. Stan Allen and Sharon and David of Logan, Utah.

Miss Marlene Cook of Magrath, Max's niece, was a guest at our home a couple of days last week prior to her departure for Los Angeles where she has entered Nurses Training.

In a country newspaper appeared the following ad:

"The man who picked up my wallet on Main Street was recognized. He is requested to return it."

In the next issue the reply was published:

"The recognized man who picked up your wallet requests the loser to call and get it."
